WE CARE

Quality Floors. Made in Salzburg.

Ökologisch

Nachhaltigkeit ist unser Anspruch. Wir übernehmen Verantwortung für unseren Planeten und integrieren Kreislaufwirtschaft, Klimaschutz sowie eine grüne Wertschöpfungskette fest in unsere DNA.

Das von uns verarbeitete Holz stammt aus Resten der regionalen Sägeindustrie aus zertifizierten und kontrollierten Quellen nach den PEFC-Standards*.

Ecological

Sustainability is our commitment. We take responsibility for our planet and firmly integrate the circular economy, climate protection and a green value chain into our DNA.

The wood we process comes from the residual materials of the regional sawmill industry from certified and controlled sources according to the PEFC standards.*
